If you haven't seen them already, please consult the documents explaining these rules, here: <http://www.remobrasil.com/rio2021>

They are available in English, Spanish and Portuguese.

**The health of the participants in this event during the COVID pandemic needs to be a priority for everyone. Therefore, these measures will be strictly enforced. ### **For both events**

The Organizing Committee requests that teams that have not yet booked and paid for accommodation, complete this process as soon as possible. The first payment deadline is finished (08/February) and new values will be applied for late confirmations as per Bulletin # 1.

We request that pending reservations be confirmed by February 15th. The deadline for payment with the new value is February 24th.

## **Additional information**

### **Hotel delivery service**

The Organizing Committee informs that participants may request delivery of essential purchases, such as complementary food, hygiene products or pharmaceuticals. The service will be the responsibility of the participant and must be delivered to the hotel reception (front desk), where it will be cleaned and then delivered to the guest who made the purchase.

We reiterate that, according to the Covid-19 Protection Plan, participants will not be allowed to leave the hotel or the transportation system and Venue. For your convenience and safety, we recommend that each participant travels with enough personal products to meet their needs.

### **Identification of country colors on oars**

All oar blades must be correctly identified with the colors of the country, according to the standard established in the World Rowing code.

We ask teams to bring appropriate stickers with the approved colors for their country's blades if they are not traveling with their own oars. There will be little time available for painting the blades, so this option should be avoided.
